Primary Purpose	The PEARL Awards (Social and Personal Development) enable learners to develop skills to communicate effectively and independently in social, learning and work environments.
Overview	The PEARL Awards are aimed at a wide range of people to enable and support the development of a wide range of Social, Personal and Employability skills
Content	Social, Personal and Employability skills are taught under the headings of Self-Awareness, Social Skills, Managing Feelings, Empathy and Motivation
Outcomes	The development of the skills and knowledge required for a successful outcome for the learner takes place through a programme of study that the centre devises. The programme of study includes group learning and assessment activities, and one to one meetings with learners to assess and give feedback on their skill development. Learners participate in developing an action plan to help improve skills prior to the final assessment taking place. The learning outcomes and assessment criteria become more complex at the higher levels of the PEARL Award.
Prior experience or learning	At Entry Level and Level 1 no prior learning or experience is necessary. At Level 2 learners will be expected to show a greater level of independence in learning or experience. At Level 3 learners will be expected to work in a context that supports others to develop Social, Personal and Employability skills.
