

GRADED QUALIFICATIONS ALLIANCE WELSH MEDIUM POLICY STATEMENT

The language used in all specifications and assessment materials is English. There is no intention to offer specifications in Welsh.

Every effort is made to ensure that the language used in the specifications, programmes of study and assessment materials, and all related materials is plain, clear, free from bias and appropriate for the qualification.

Graded Qualifications Alliance does not consider that there is a Welsh language issue in regard to its qualifications. The last survey carried out by the Graded Qualifications Alliance showed that there were no responses that indicated the need for examination materials to be in Welsh.

Where a Welsh speaking candidate indicates a need for their examination instructions to be in Welsh provision will be made under the arrangements detailed in the reasonable adjustments policy, similarly in the case of English not being the first language a candidate may apply for reasonable adjustments.

As new awards are developed by the Graded Qualifications Alliance the requirement for provision in Welsh will be considered.
